MBAM ONEBUILD 2026 BROUGHT THE LATEST CONSTRUCTION TECHNOLOGIES AND SOLUTIONS TO ALL CONSTRUCTION PROFESSIONALS

MBAM OneBuild 2026, the 12th edition of the Malaysia International Construction & Infrastructure Technology Exhibition, was successfully held from 5 to 7 August 2026 at the Kuala Lumpur Convention Centre (KLCC), Malaysia. Held alongside OneWare 2026, the 5th edition of the Malaysia International Construction Hardware & Building Materials Exhibition, the co-located exhibitions presented a broader showcase spanning construction, infrastructure, hardware, machinery, engineering technologies and smart building solutions.

Held under the theme "Smart Cities Building Tomorrow," the exhibition featured six key segments covering Construction, Infrastructure, Construction Machinery & Equipment, Smart City, Digitalisation and Sustainable Construction. These segments provided a focused platform for industry professionals to explore the latest technologies, equipment, solutions and innovations supporting the development of a more efficient, digitalised and sustainable built environment.

EVENT HIGHLIGHTS

MBAM OneBuild 2026 delivered an action-packed lineup of show floor activities this year, marking a milestone celebration filled with energy and excitement.

Opening Ceremony

The Opening Ceremony of MBAM OneBuild and OneWare 2026 marked a significant start to the three-day exhibition, officially officiated by YBhg. Dato' Seri Azman bin Ibrahim, Secretary General of the Ministry of Works, representing the Honourable Minister of Works. The ceremony brought together representatives from government ministries and agencies, industry associations, and key construction industry stakeholders, underscoring the strong support for the exhibition.

BuildTalk

BuildTalk delivered three days of free-to-attend, industry-focused seminars featuring insights from industry professionals across the construction and infrastructure sectors. Covering topics ranging from industry trends and project challenges to innovative technologies, practical solutions and best practices, the programme provided contractors, builders, consultants, engineers, suppliers and construction professionals with valuable knowledge and insights to navigate an evolving industry.

Digital Construction Day

The Digital Construction Day is a dedicated exhibition zone in strategic partnership with CIDB Digital, the digital arm of the Construction Industry Development Board (CIDB), made its debut at MBAM OneBuild with 12 participating exhibitors. The programme showcased digital & smart construction solutions, including Building Information Modelling (BIM), IoT-enabled systems, digital project management, IBS technologies and sustainable construction.

Concrete Clinic

The Concrete Clinic provided visitors with expert guidance on concrete-related issues including cracks, surface defects, workmanship and technical concerns. Through the “WOW – Waste, Opportunity, Wealth” initiative, the clinic also showcased how industrial by-products and construction waste can be transformed into sustainable concrete solutions, supporting resource efficiency, circular economy practices and low-carbon construction.

EVENT HIGHLIGHTS

MBAM Forum: Machinery Decision, Own or Rent, Prepare Before You Choose

The two-hour forum addressed the critical machinery ownership versus rental decision faced by construction companies. Featuring perspectives from both rental and ownership stakeholders, the session provided practical guidance on evaluating costs, risks, operational considerations and growth strategies, helping participants make informed machinery decisions while avoiding common pitfalls.

EVBuild Demonstrations

EVBuild featured the latest electric-powered equipment and smart mobility solutions for the construction and industrial sectors. The dedicated showcase and live demonstration zone presented innovations including electric forklifts, intelligent EV logistics tricycles and electric-powered machinery mover skates, giving visitors the opportunity to experience their capabilities through scheduled demonstrations.

Mobile Elevated Work Platform (MEWP) Seminar

Hosted by IPAF, the “Safe Use of Mobile Elevated Work Platforms in Malaysia” seminar provided practical insights into MEWP usage on Malaysian construction sites, essential safety practices, and safety and compliance considerations for data centre environments.

Business Networking

Over two days, the Business Networking sessions at MBAM OneBuild and OneWare brought exhibitors and invited trade buyers together to forge valuable business partnership across the construction supply chain, creating opportunities for meaningful business engagement, knowledge exchange and new commercial prospects.

Built for the Real World

The Robotics Showcase featured Deep Robotics and its advanced robotic technologies, giving visitors the opportunity to experience cutting-edge solutions up close and discover how robotics is transforming the future of construction.

TESTIMONIALS

EXHIBITOR & VISITOR'S TESTIMONIAL

DENNIS LU
AIMIX GROUP CO., LTD

MBAM OneBuild offers valuable opportunities to showcase our construction machinery and equipment, connect with potential customers, and explore new business opportunities across the mining and construction industries.

TS. LIM HUI YAN
GAMUDA ENGINEERING SDN BHD

We think that MBAM OneBuild is a professional platform where all industry players from the supply chain to contractors come together to witness the latest development in the construction industry.

DATO' YEOH SOO KENG
YTL CEMENT MARKETING SDN BHD

MBAM OneBuild is one of the key exhibitions in the construction and infrastructure industry, bringing together major industry players in Malaysia, particularly in the cement and concrete sectors.

DR LIM ENG HOCK
ZACKLIM FLAT FLOOR SPECIALIST SDN BHD

MBAM OneBuild has been a valuable platform for our business since its early days, helping us reach main contractors, developers, consultants and business owners. It continues to create opportunities to engage potential customers and support our business growth in the concrete and construction sectors.

ANEIL NASPU
LOCAL VISITOR

MBAM OneBuild gave us the opportunity to explore new construction materials, discover innovative solutions and gain insights into the latest developments in the construction and infrastructure industry.

MILAD SADEGHINARAKI
INTERNATIONAL VISITOR

This is my first time attending MBAM OneBuild, and the exhibition has provided a valuable opportunity to discover the latest digital technologies and meet suppliers offering innovative solutions such as Building Information Modelling (BIM), automation, and smart construction technologies.
